

Travel insurance / Cancellation insurance

With all our foreign photo trips, it is mandatory to have travel insurance. You can take care of this yourself with your own insurance company, but Travelmarks-Photography advises you to place it with Allianz, possibly together with a cancellation insurance.

We have made an agreement with this insurer that if Mark Brands has to cancel the trip due to illness and no replacement is possible, you can also cancel your trip so that you will be reimbursed for your travel sum. This is only possible if you have also taken out cancellation insurance with Allianz.

Allianz is prepared to insure 6 people per trip. You must then provide the policy number of Allianz (within 5 days after booking the trip) to:

Reijans Financial Advice
info@reijansfa.nl
06-52877206

Reijans Financial Advice is our intermediary who has made an appointment with Allianz. He passes on the policy number to Allianz so that you have coverage on the cancellation insurance if Mark Brands is unable to travel due to illness.

If you do not yet have travel insurance with Allianz and would like to have the above coverage, you can also approach Reijans Financieel Advies for tailor-made advice.
